

Holy Spirit Scrip Program

Shop With Scrip.com

Scrip credits are entered weekly into your scrip account.

Bookkeeper requests money in family scrip accounts monthly for any unpaid tuition balance. When your tuition is paid up, money accumulates in your scrip account for the next year's tuition.

If you have a discrepancy between what you believe should be on a scrip card and the amount the retail clerk tells you is on the scrip card, make sure you get the card back from the clerk to verify the card balance yourself by phone or online.

Retailers can tell you the amount, date, time and location your card was redeemed.

Call the scrip office with the card information if you would like help with the tracking process.

Errors happen although rare. Most people forget to update the balance on a partial card.

What is PrestoPay?

- * ACH-Transfer from your bank account (Can be either a checking or a savings account.)
- * Convenience fee of .15 per bank transaction offset by the cost of driving to the parish sites to purchase scrip.
- * Multiple scrip retailers can be purchased during one transaction to minimize add-on cost.
- * Allows the ability to use ScripNow and ReloadNow

Why PrestoPay is Safe

PrestoPay uses the same Automated Clearing House (ACH) process used for billions of transactions every year, including payroll direct deposit and Social Security. ACH transactions are regulated by the Federal Reserve Bank and the Electronic Fund Transfer Act, and must follow rules established by NACHA, the Electronic Payments Association.

All data entered on our site is transmitted via secure data links, and account information is encrypted. Furthermore, GLSC has invested in the latest computer network security protocols, as defined by the Payment Card Industry (PCI).

ScripNow & ReloadNow

PrestoPay must be set up to use the ScripNow & Reload Now Feature.

PrestoPay Plan Ahead

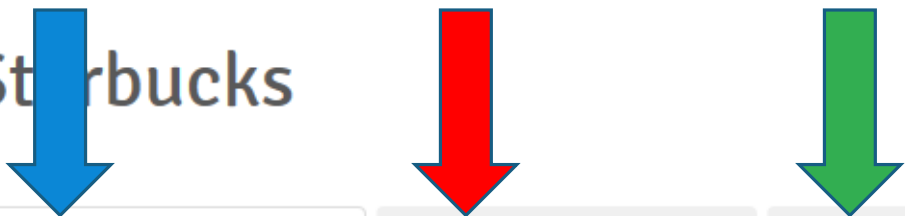

Signing up for PrestoPay involves a few days for completion of bank transactions and activations. If you plan to use the PrestoPay option please sign up to do so as soon as possible so everything is in place ready for you to use when you want it.

Electronic Card with Smart Phone

Some retailers have chosen the option to offer E-cards.

Generally labeled as ScripNow, E-cards have a few form factors of their own.

With a Smart phone, purchasing and using scrip can be done at the store. Log into myscripwallet.com, order scrip, have clerk scan e-card's barcode displayed on the smart phone's screen.

Electronic Card without Smart Phone

- No access to a smart phone, use shopwithscrip.com website to place an order for an E-card.
 - Within minutes, you will receive an email with a link to your E-Card which you can then print and take to the store. Store clerk scans the barcode for payment.
 - Online shopping, enter the payment access code directly into the retailers website as payment. All from the comfort of your home (or wherever you and the computer are located with Internet access.)

Reloadable Card

Some retailers offer the option to reload your physical scrip card. These will have the letters RL, for reload, in the total column on our order form.

Individual retailers choose the following:

- minimum reloadable dollar amount
- dollar increments between the minimum and maximum dollar amount
- maximum reloadable dollar amount

For example:

If the retailer's minimum reloadable dollar amount is \$10 and the maximum reloadable dollar amount is \$500 and it has a \$10 dollar increment, you can order \$10, \$20, \$30, \$40...\$500.

To enable reloading, register your scrip card at either shopwithscrip.com or myscripwallet.com.

Enter:

- ❖ Barcode Number
- ❖ Name the card: Stacy's Subway Card
- ❖ Pin Number

The screenshot shows the MyScripWallet mobile application interface. At the top, there is a dark blue header with the app name "MyScripWallet" and a hamburger menu icon on the right. Below the header is a navigation bar with three items: "Order" (with a receipt icon), "Cart" (with a shopping cart icon), and "Wallet" (with a star icon and a green arrow pointing to it). Below the navigation bar is a status bar with "ScripNow" on the left and "Reload" on the right. Below the status bar is a search bar with the text "Search" and a "Show Hidden" button on the right. Below the search bar is a list of scrips. Each scrip entry consists of a logo on the left, the text "ScripNow" and a date in the middle, and a right-pointing chevron on the right. The first three scrips are for "LANDS' END" with a date of "8/7/2015". The last three scrips are for "BEST BUY" with a date of "7/14/2015".

MyScripWallet can be used to purchase ScripNow for retailers listed on the order form with a small SN in the total column while you are in the store.

Water heater went out?

Home Depot and Lowes both have the ScripNow option so you can fill your cart with project supplies, estimate your total, place the ScripNow order and within minutes have a barcoded payment option available to be scanned by the clerk right on your smart phone.

No need to guess how much a repair or project will run to purchase ahead of time with the frustration of having too much of a retailer left over or not enough to cover the entire purchase.
